REMAINDERS. At 12:45 a.m. yesterday at Japanese restaurant Ono in the Hotel Gansevoort, **Drew Barrymore** has come and gone from the party celebrating her cover for *Another* magazine, but **Tatum O'Neal** still is burning the midnight oil. "It feels a little creepy and a little bit crowded here," she said, surveying the guests. "I should wake up around 8:30 a.m. or 9 tomorrow, but this is going to throw me off." Also on hand, genetically perfect Maurice Villency heir **Eric Villency**, just split with makeup heiress **Olivia Chantecaille**. . . . Operatic beauty **Denyce Graves** and "One Tree Hill" star **Bethany Joy Lenz** sported their "We Care, We Cure" T-shirts supporting the Hemangioma Treatment Foundation at Zang Toi in the tents. . . . **Oscar de la Renta's** show yesterday went off 35 minutes late because photographers refused to stop taking pictures of glam attendee **Beyoncé**.
